

Business Consultation

To help small and mid-sized companies as well as municipalities to solve problems and tasks as fast and straightforward as possible, the Wirtschaftsförderung Limburg-Weilburg-Diez GmbH develops and realises innovative and fitting concepts together with the companies.

Because of cooperations with the Steinbeis-Stiftung for technology transfer as well as an existing network of consulting companies the WFG is able to provide an appropriate specialist for every problem. The members of the network are specialized and cover all technology- and management sectors. They are mostly based in research facilities, colleges, universities and vocational academies.

How do we help you in matters of business consultation?

As a neutral partner the WFG helps the companies of the region to structure and define goals, for free. For special tasks we place you with qualified and decent consultants or specialists, who give you suggestions and approaches to solutions as early as at the first, free of charge business meeting.

Topics of business consultations are

- financing and recovery
- accountancy/ controlling/ taxes
- legal structures
- planning of succession
- development of organisation
- human resource management
- strategic and operational planning
- appraisal of business
- benchmarking
- marketing / public relations
- ...

Even sub or small companies should not be afraid to make use of the offers of the WFG. These topics apply to you as well. Come, talk to us. We are happy to help you.

Final Papers/ transfer of knowledge

The Wirtschaftsförderung Limburg-Weilburg-Diez GmbH is always pleased, if you as a company give students the chance to write their final papers at your company or gather practical experience as a student employee.

If you have an appropriate project, talk to us. We gladly place someone qualified with you (free of charge!).
